God's Diet

And God populated the earth with broccoli and cauliflower and spinach and green and yellow vegetables of all kinds, so Man and Woman would live long and healthy lives.

And Satan created Burger King, and Burger King brought forth the \$3.20 double-Whopper, and Satan said to Man, "You want fries with that?", and Man said, "Super size them." And Man gained pounds.

To be continued look for it in later edition "God's Diet"
